

NEW ENTRANCE OPENS AT PTI

New interchange will carry all traffic into and out of airport

HOW DO I GET TO PTI?

Once the new interchange is open, the primary accesses to the airport will be from Bryan Boulevard. The maps and text below give directions to the airport from Greensboro, High Point, and Winston-Salem using the new interchange accesses.

WILL THERE BE ANY OTHER ACCESS TO THE AIRPORT?

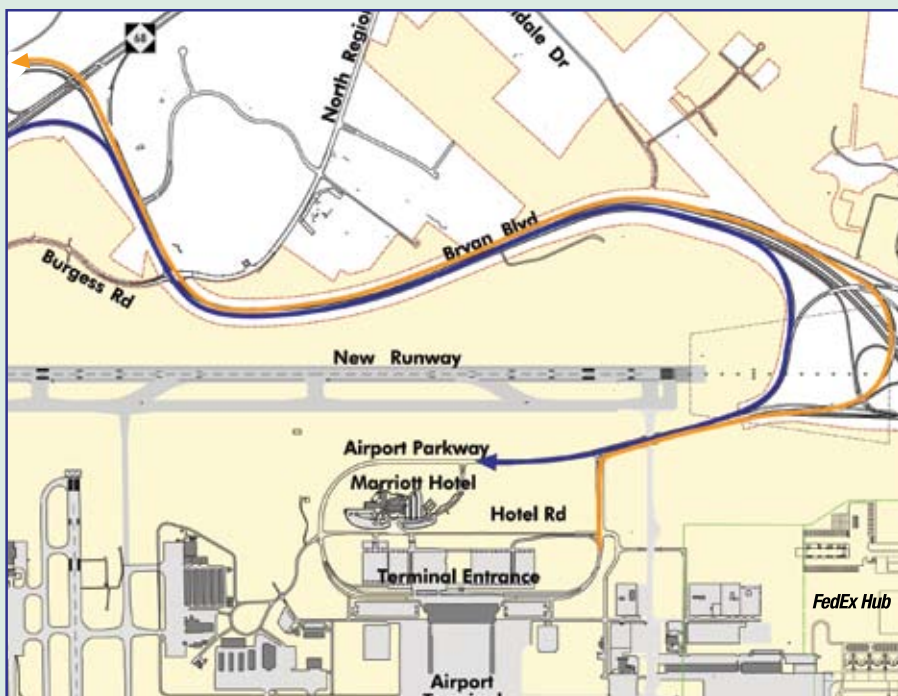

Yes. There will be additional access to the airport from Old Oak Ridge Road, which has been rerouted during this process. This will be the first time that traffic will have direct access to the airport from Old Oak Ridge Road. Just follow the signs from Old Oak Ridge Road that will direct you into the airport.

Airport access from Old Oak Ridge Road will open at the same time as the rest of the airport accesses on the new interchange. Old Oak Ridge Road will provide the only public access to the new FedEx hub facility.

HOW WILL I KNOW WHERE TO GO?

Just follow the directional signs and allow a little extra driving time until you become accustomed to the new entrance and signs. If you miss a turn, just follow the road you are on until you can correct your mistake. Do not attempt to back up on an exit or drive against traffic.

Departing. To exit the airport going back to Greensboro on Bryan Boulevard, follow Airport Parkway away from the airport and follow the signs that say To 40 / Greensboro / Bryan Boulevard East, which will lead you back to Bryan Boulevard East towards Greensboro.

WHY THE CHANGES?

Bryan Boulevard has been rerouted to the northwest to give the airport room to build a new runway and taxiway to better serve the growing Triad population and to allow room for the FedEx expansion.

WILL THERE BE MORE CHANGES?

No. Now that the new interchange is complete, this will become the permanent entrance into the airport. The new airport entrance includes new bridges and ramps to ensure that traffic into and out of the airport flows efficiently and smoothly. We appreciate the public's patience while construction was underway.
